The investor agrees to be bound by and act in accordance with the standard banking practice and procedures of the Manager's bankers, applying generally and specifically to the banking facilities which are made available to the investor in respect of the conversion of deposited amounts to foreign currencies.
3. The Manager does not warrant to the investor that his/her application will be accepted and the investor's application may be declined at the discretion of the Manager or at the discretion of the Administrator.

5. The investment amount will be converted to foreign currency at the Manager's banker's exchange rate or the investor's banker's exchange rate ruling on the day of conversion, which date the investor acknowledges is determined by the bankers of the Manager or the investor's banker. In the event that the investor's application is declined for any reason whatsoever, or should the investor cancel or amend the investment prior to entry into the relevant Class Fund(s), the Manager undertakes to locate the transaction and take whatever action is deemed necessary to refund the investment amount to the investor. The investor waives and indemnifies the Manager against any claim for loss or damage which the investor or the Manager may sustain or incur as a result of his/her application being denied, or the investment being cancelled or amended. The Manager shall not be liable for any interest on the investment amount or exchange rate fluctuations from the date of receipt thereof from the investor or his/her duly authorised representative.

9. The investor and/or his/her financial service providers shall at all times be responsible for ensuring that the Fund and its representatives receive any instructions from the investor and/or financial service provider whether by facsimile or mail, and that such instructions are complete and correct in all respects. The onus to prove that the Fund or its representatives have received and actioned any instructions, shall rest with the investor and/or the investor's financial service provider. An electronic transmission slip or facsimile transmission slip or any document purporting to be an electronic transmission slip shall not constitute proof of transmission of instructions to the Fund or its representatives.
10. The investor shall verify the correctness of each statement received and must notify the Manager and the Administrator of any alleged omissions from or additions wrongly made to, or inaccurate entries in the account.
11. The Manager may act in accordance with the instructions of any person which it reasonably believes to be the investor or the authorised representative of the investor. The investor consents to the Manager taking whatever security precautions the Manager may consider necessary relating to the investor conducting his/her business telephonically or by way of facsimile transmission. The investor waives and indemnifies the Manager against any claim which the investor may have arising from the Manager acting or refusing to act on or for any delay in processing any instructions, through whatever medium.
12. The Manager and its representatives shall not be responsible or liable for any loss, damage (whether direct or consequential) or expense incurred by any party as a result of the Manager or its representatives not receiving an instruction or receiving a late instruction or receiving an incomplete, ambiguous or incorrect instruction and acting or omitting to act upon such instruction.
13. The investor's domicile for all notices and processes to be given and served in terms hereof is the residential address detailed on the account application form or as notified in writing to the Manager. 14. The investor hereby warrants that he/she will be acting as principal in all transactions with the Manager and that the investor will have proper legal title to all amounts deposited with the Manager's bankers, and/or deposited with the Fund.
15. The investor may not cede, assign, make over or transfer any of his/her obligations in terms of this agreement without the Manager's prior written consent.
16. A legal entity must complete this application under seal or under the hand of a duly authorised official who should state his capacity and furnish a certified copy of the authority pursuant to which such official is authorised.
17. If this application is signed under Power of Attorney and/or a Special Power of Attorney, duly certified copies thereof must accompany this application.
18. All notices and instructions in respect of the Alexander Forbes Investments Global Fund must be addressed to: The Administrator Alexander Forbes Investments Global Fund, Alexander Forbes Investments, PO Box 786055, Sandton, 2156, Republic of South Africa.
19. To the extent that any provision of this application is or may become unenforceable for any reason, it shall be severable from the remainder of the provisions in this application, which shall remain in force.
20. Disclaimer
 - 20.1 The investor warrants to the Manager that he/she is acting for his/her own account and that he/she has made his/her own independent decision to enter into the investment and as to whether the investment is appropriate or proper for him/her based upon his/her own judgement and upon advice from such advisers as he/she has deemed necessary. The investor is not relying on any communication (written or oral) of the Manager as investment advice or as a recommendation to enter into the investment; it being understood that information and explanations relating to the terms and conditions of an investment shall not be considered investment advice or a recommendation to enter into the investment.
 - 20.2 The Manager is not acting as a fiduciary or as an adviser for the investor in respect of the investment.
 - 20.3 The investor indemnifies the Manager against any loss or damage of whatever nature which the investor may suffer as a result of the investment, other than a failure by the Manager to transfer the investment to the selected Class Fund(s).
21. Unit Certificates will not be issued.
22. Each investor hereby agrees to indemnify and keep indemnified the Fund and the Manager against any loss arising to it or to them as a result of any breach of any representation, warranty, covenant or confirmation by me/us in this application for or from my/our material failure to disclose any relevant details or provide it with all information requested by it or by the Manager on its behalf.
23. Each investor acknowledges and confirms that they hold all Units jointly for the survivor(s) of the investor(s) and not as tenants in common.
24. Collective investment schemes (unit trusts) are generally medium- to long-term investments. There is no assurance that the investment objectives of the Fund will actually be achieved. The value of participatory interests

(units) may go down as well as up and past investment returns are not necessarily indicative of future returns. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk. If an investment in the Fund is redeemed at an early stage, the preliminary charge paid upon purchase of Units may exceed any return on the investment in which case investors will not receive the full amount of their original investment. Unit trusts are traded at ruling prices and can engage in borrowing and securities lending. Forward pricing is used. Commission and incentives may be paid and, if so, would be included in the overall costs. The unit trust may borrow up to 10% of the Net Asset Value of the Class Fund to bridge insufficient liquidity. The unit trusts are valued at the end of the day and at their final closing prices. Unitholders may agree to pay additional ongoing advice fees to their appointed financial planners. Completed Application Forms and notification of deposits must be received before 11:00 Jersey time for the investment to be executed on that day. If received after the applicable cut-off time, the money will be invested at the buying price of the next day. The 11:00 Jersey time cut-off time also applies to redemptions and switches. The Class Funds that are Feeder Funds only invest in participatory interests of a single underlying collective investment scheme portfolio. The Class Funds that are Fund of Funds only invest in participatory interests of more than one underlying collective investment scheme portfolio, which levy their own charges, which could result in a higher fee structure. The Class Funds are accumulation funds and do not distribute income. At the time of going to press the above information was correct. However, the information is subject to change. A prospectus is available upon request from Alexander Forbes Investments Jersey Limited (the Manager). The registered office of the Manager is 2-6 Church Street, St Helier, Jersey, Channel Islands. The Trustee is BNP Paribas Depository Services (Jersey) Limited, IFC1, The Esplanade, St Helier, Jersey, Channel Islands (the Trustee). The Manager and the Trustee are regulated by the Jersey Financial Services Commission for the conduct of fund services business. Alexander Forbes Investments is a member of the Association for Savings and Investment South Africa (ASISA).

At the time of publication, the information in this document was correct. However, the information is subject to change. Risks (portfolio specific)

Derivatives: There is no assurance that a portfolio's use of a derivative strategy will succeed. A portfolio's management may employ a sophisticated risk management process, to oversee and manage derivative exposures within a portfolio, but the use of derivative instruments may involve risks different from, and, in certain cases, greater than, the risks presented by the securities from which they are derived.

Exposure to foreign securities: Foreign securities within portfolios may have additional material risks, depending on the specific risks affecting that country, such as: potential constraints on liquidity and the repatriation of funds; macroeconomic risks; political risks; foreign exchange risks; tax risks; settlement risks; and potential limitations on the availability of market information. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk.

Fund of funds: A fund of funds is a portfolio that invests in portfolios of collective investment schemes (unit trusts) that levy their own charges, which could result in a higher fee structure for the fund of funds.

Feeder funds: A feeder fund is a portfolio that invests in a single portfolio of a collective investment scheme, which levies its own charges and which could result in a higher fee structure for the feeder fund.

Drawdown: The potential magnitude of loss - the largest peak-to-trough decline in returns over the period, also known as the maximum drawdown.

Liquidity: The risk that a given security or asset cannot be traded quickly enough in the market to prevent a loss (or make the required profit).

Equities: The value of equities may vary according to company profits and future prospects, as well as more general market factors. In the event of a company default, the owners of their equity rank last in terms of any financial payment from that company.

Bonds: The value of fixed income investments (e.g. bonds) tends to decrease when interest rates and/or inflation rises. Bonds issued by major governments and companies, will be more stable than those issued by emerging markets or smaller corporate issuers. If an issuer experiences financial difficulty, there may be a risk to some, or all, of the capital invested. Any historical or current yields quoted should not be considered reliable indicators of future performance.

For a detailed description of these risks, and other risks that are relevant to the portfolio, please refer to the **PROSPECTUS**.

General disclosure

Collective investment schemes (unit trusts) are generally medium-term to long-term investments. The value of participatory interests (units) may go down as well as up. Past performance is not necessarily a guide to future performance. Collective investment schemes are traded at ruling prices and can engage in borrowing and scrip lending (i.e. borrowing and lending assets). The manager does not provide any guarantee, either with respect to the capital or the return of a portfolio. Any forecasts and/or commentary in this document are not guaranteed to occur. Different classes of participatory interests apply to these

portfolios and are subject to different fees and charges. A **SCHEDULE OF FEES AND CHARGES** and maximum commissions is available on request from the manager or click on the name to download the document. Forward pricing is used.
