AF+ is a **new** digital platform

that connects your employees to expertly chosen financial solutions to help them make decisions with ease and confidence.

Helping members make financial decisions with confidence

Making the right financial decisions is not easy - there are so many options out there.

When your employees are looking to make major financial decisions like buying a home, getting help with debt management, shopping around for affordable insurance, seeking expert financial advice ... knowing **where** to look and **what** to look out for can be confusing and overwhelming.

Which is why we've put our decades of research and expertise to work by providing members with independently evaluated financial solutions on AF+. These help them make the most of their money and improve their financial outcomes.

Assist your employees to achieve their financial goals **and enjoy all these benefits.**
