 - 20.1 The investor warrants to the Manager that he/she is acting for his/her own account and that he/she has made his/her own independent decision to enter into the investment and as to whether the investment is appropriate or proper for him/her based upon his/her own judgement and upon advice from such advisers as he/she has deemed necessary. The investor is not relying on any communication (written or oral) of the Manager as investment advice or as a recommendation to enter into the investment; it being understood that information and explanations relating to the terms and conditions of an investment shall not be considered investment advice or a recommendation to enter into the investment.
 - 20.2 The Manager is not acting as a fiduciary or as an adviser for the investor in respect of the investment.

Completed Application Forms and notification of deposits must be received before 11:00 Jersey time for the investment to be executed on that day. This document is for information purposes only and it does not form part of the Alexander Forbes Investments Global Fund (the “Fund”) Prospectus, and does not constitute an invitation to subscribe for Units in the Fund. The matters set out herein should not be relied upon for the purposes of making an investment in the Fund. The Fund is an open-ended unit trust, which was established in Jersey on 28 April 1997 as an unclassified fund. The Fund is an unregulated collective investment scheme in the UK and its promotion in the UK is restricted by the Financial Services Act 1986. Unclassified funds are not covered by the Compensation for Investors (Jersey) Regulations 1988. Collective investment schemes (unit trusts) are generally medium- to long-term investments. There is no assurance that the investment objectives of the Fund will actually be achieved. The value of participatory interests (units) may go down as well as up and past investment returns are not necessarily indicative of future returns. The portfolio performance is calculated on a NAV to NAV basis and does not take any initial fees into account. Income is reinvested on the ex-dividend date. Actual investment performance will differ based on the initial fees applicable, the actual investment date and the date of reinvestment of income. Past performance is not necessarily an indication of future performance. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk. If an investment in the Fund is redeemed at an early stage, the preliminary charge paid upon purchase of Units may exceed any return on the investment in which case investors will not receive the full amount of their original investment. Unit trusts are traded at ruling prices and can engage in borrowing and securities lending. Forward pricing is used. Commission and incentives may be paid and, if so, would be included in the overall costs. Unitholders may agree to pay additional ongoing advice fees to their appointed financial planners. Completed Application Forms and notification of deposits must be received before 11:00 Jersey time for the investment to be executed on that day.
