<sup>\*</sup> Reasonable use of the survey maybe made for purposes of comment and study provided that full acknowledgement is made to "Alexander Forbes".

<sup>\*</sup> While all possible care is taken in the compilation of the Survey, reliance is placed on information received from Investment Managers.

<sup>\*</sup> The rankings and statistical information have been supplied for illustrative purposes only.

<sup>\*</sup> Performance figures are shown gross of fees.

<sup>\*</sup> Performance should not be judged over a short period of time.

\* Past performance is not necessarily a guide to future performance.

## ABSOLUTE RETURN MANAGER WATCH™ SURVEY

Objective - The portfolios in this Survey comply with Regulation 28 and represent products targeted at real returns with a CPI Objective.

Benchmark Methodology CPI - Due to the reweighting and rebasing of the CPI from January 2009 the benchmark numbers reflect a compound of month to month CPI returns. The historical month to month numbers used in calculations are the official month to month numbers based on the old basket prior to January 2009 and new basket post January 2009. The adjusted CPI(I-Net code: AECPI) figures are shown together with market statistics below should these numbers be preferred for comparison purposes.

Benchmark Methodology CPIX- The benchmark numbers prior to January 2009 reflected a compound of month to month CPIX returns. Due to the reweighting and rebasing of the CPI and discarding of the CPIX numbers from January 2009 the historical month to month numbers used in calculations are the official month to month numbers based on the old CPIX prior to January 2009 and the new CPI basket post January 2009. The CPI excluding owners equivalent rent (i-Net code: AECPIX) and adjusted CPI(I-Net code: AECPIX) prior has enabled to the code: AECPIX prior to January 2009 and the new CPI basket post January 2009. The CPI excluding owners equivalent rent (i-Net code: AECPIX) and adjusted CPI(I-Net code: AECPIX) and adjusted CPIX an

### Inflation figures lagged by one month

- \* Reasonable use of the survey maybe made for purposes of comment and study provided that full acknowledgement is made to "Alexander Forbes".
- \* While all possible care is taken in the compilation of the Survey, reliance is placed on information received from Investment Managers.
- \* The rankings and statistical information have been supplied for illustrative purposes only.
- \* Performance figures are shown gross of fees.
  \* Performance should not be judged over a short period of time.
- \* Past performance is not necessarily a guide to future performance.

## ABSOLUTE RETURN MANAGER WATCH<sup>TM</sup> SURVEY

Objective - The portfolios in this Survey comply with Regulation 28 and represent products targeted at real returns with a CPI Objective.

Senchmark Methodology CPI - Due to the reweighting and rebasing of the CPI from January 2009 the benchmark numbers reflect a compound of month to month CPI returns. The historical month to month numbers used in calculations are the official month to month numbers based on the old basket prior to January 2009 and new basket post January 2009. The adjusted CPI(I-Net code: AECPI) figures are shown together with market statistics below should these numbers be preferred for comparison purposes.

Benchmark Methodology CPIX- The benchmark numbers prior to January 2009 reflected a compound of month to month CPIX returns. Due to the reweighting and rebasing of the CPI and discarding of the CPIX numbers from January 2009 the historical month to month numbers used in calculations are the official month to month numbers based on the old CPIX prior to January 2009 and the new CPI basket post January 2009. The CPI excluding owners equivalent rent (I-Net code: AECPIX) and adjusted CPI(I-Net code: AECPI) figures are shown together with market statistics below should these numbers be preferred for comparison purposes.

Performance figures are shown gross of fees and taxes. Past history is not necessarily a guide to future performance

Quantitative figures are calculated on 3 year performance returns.

Performance should not be judged over a short period of time.

FAIS Notice and Disclaimer: This information is not advice as defined and contemplated in the Financial Advisory and Intermediary Services Act, 37 of 2002, as amended. Alexander Forbes shall not be liable for any actions taken by any person based on

the correctness of this information

Managers are ranked from highest to lowest active return. In some cases rankings JULY be different due to return differences disguised by the rounding. Rankings are purely for illustrative purposes.

GIPS™ is a trademark owned by the CFA Institute.

#### Statistical Definitions:

The Median is the value above or below which half the managers fall. The Upper Quartile is the value above which one quarter of the managers fall The Lower Quartile is the value below which one quarter of the managers fall.

#### Risk Anlysis Definitions

"Volatility" is the annualised standard deviation of the manager's monthly returns.

"Volatility" is a measure of the variability of the manager's returns

#### "Return to Risk" is the return divided by the

### "Volatility

"Return to Risk" is a measure of the return earned per unit of risk taken.

"Active return" is the return earned by the manager less the return on the benchmark.

"Active Return" is a measure of the value that the manager has added or detracted over the

"Tracking Error" is the annualised standard deviation of the monthly "Active Returns".

"Tracking Error" is a measure of the variability of the manager's returns relative to the benchmark returns.

#### "Information Ratio" is the "Active Return" divided by the "Tracking Error".

"Information Ratio" is a measure of the value added per unit of risk taken relative to the benchmark.

"Sortino Ratio (Capital Loss)" measures whether the return in excess of a zero benchmark was sufficient to cover the downside volatility/risk inherent in the investment ie whether capital was indeed preserved.

"Sortino Ratio (Inflation)" measures whether the return in excess of a inflationary benchmark was sufficient to cover the downside volatility/risk inherent in the investment ie whether capital was protected in real terms.

#### GIPS™ - Global Investment Performance Standards

Ethical principles to achieve full disclosure and fair presentation of investment performance In South Africa GIPS™ SA requires managers to obtain a verification certificate on compliance

C - Indication that manager is compliant but not verified V - Indication that manager is verified More information can be obtained from http://www.gipsstandards.org/
