### Performance Statistics:

Reasonable use of the survey may be made for purposes of comment and study provided that full acknowledgement is made to "Alexforbes".

The rankings and statistical information have been supplied for illustrative purposes only.

Performance figures are shown gross of fees.

Median Compounded : The longer term median returns reflected are calculated by compounding the monthly median returns over the various periods.

While all possible care is taken in the compilation of the survey, reliance is placed on information received from investment managers.

In an attempt to standardise the reporting of CPI returns, all portfolios in the survey using CPI as a benchmark/target will be linked to the Survey Team CPI returns, based on the latest Statistics SA data (lagged by one month).
